

# Art in Motion Safety Protocol Info - September 2020

This info sheet will give you an idea on what to expect when arriving at AIM for Dance Classes this September.

**Step 1:** All dancers will be dropped off in the back parking lot at the Yellow Entrance on the porch. (See Yellow Arrow). Sugar Babies, Tiny Tots, & Jitterbugs dancers may have one parent/guardian enter AIM with them. These dancers will only dance in Dance Room #2 and their parent will have a socially distanced waiting space (See Pink Area). Shuffles Dancers and older will not be allowed a parent inside of AIM with them. These dancers will dance in either Dance Room #1 or #2.

**Step 2:** When arriving at the Yellow Entrance, everybody entering the building will have their temperatures checked and hands sanitized. Temperatures over 100.3 degrees will not be allowed inside AIM. We ask that everyone wears a mask when entering AIM.

**Step 3:** Dancers will either be assigned to Dance Room #1 or Dance Room #2. They will enter their dance room while wearing their mask and bringing in their dance bag/water bottle with them. Dancers will walk up to their large taped off dance space labeled with their name. Also, AIM will have an established onsite COVID supervisor who will be in attendance during all class hours to ensure all protocols are followed.

**Step 4:** Once a dancer is in their labeled dance space, dancers may remove their masks (if they choose to). Within each dance space there will be a chair for them to sit on, put on shoes, store their dance bag underneath, and to use as a dance barre.

**Step 5:** Once class is over dancers will gather their belongings, put back on their face mask, and walk to their exit location. Dance Room #1 dancers will go to the BLUE arrow to exit. Dance Room #2 dancers will go to the PINK arrow to exit. Parents will pick up dancers at those specific exit locations. For safety reasons we ask that parents are prompt and on time to pick up dancers after class is over.

**Step 6:** In between each class we will be disinfecting doors/handles, restrooms, and dance spaces/chairs. Throughout the semester class info, schedules, and calendars will be available to view on our website at [www.artinmotionaimdance.com](http://www.artinmotionaimdance.com).

The safety and well being of our dancers is our main concern. With these safety precautions in place we feel we will have a wonderful Fall Semester at AIM!

If you have any questions regarding Fall Classes at AIM please direct them to Miss Catie via text at (586)876-3822.
